

ZAMBEZI QUEEN COLLECTION BY MANTIS

UNIQUE AFRICAN RIVER SAFARIS

Located on the great Chobe River that borders Namibia and the Chobe National Park in Botswana, the Zambezi Queen Collection is made up of four houseboats; the ever-elegant Zambezi Queen and her three Chobe Princesses, as well as the intimate and secluded Ichingo Chobe River Lodge, set above the flowing waters of the Chobe River.

An all-inclusive water-based safari with the Zambezi Queen Collection provides the ideal platform to experience all that the Chobe area has to offer, with a range of activities including gameviewing, birding, fishing, photography and traditional cultural experiences. The Chobe River region is home to one of the world's largest population of elephant and a diverse variety of African game, 450 species of bird life, and the legendary Tiger fish.

As an APTA delegate, we would like to offer you the opportunity to have a unique river safari experience on the Zambezi Queen or Chobe Princess post your APTA Conference.

ZAMBEZI QUEEN COLLECTION BY MANTIS

Option available for PRE APTA Tour

Friday 22nd September Sailing – 3 night sailing – Departure day 25th September 2023
