#### 2-nights: Entamanu, Ngorongoro

Here, we define our own Ngorongoro, off the beaten track, in Maasai territory. Following one of the world's most stunning private drives, we bring you up to a dizzying edge of elemental Africa with panoramic views spinning forward into the Crater and back to the Serengeti plains. This is much more than a great vantage point for visiting the Crater, this is where we live the Ngorongoro life.

Entamanu (meaning 'circle' in Maa) is the only place in the world where you can enjoy views into both the Crater and the Serengeti. Offering an unspoilt, unparalleled experience of the Crater, and the land and culture that surrounds it. It is a place to escape to, from which to learn and understand where the Crater fits as part of the wider environment.

## 1-night: Serengeti Safari Camp

To get as close as possible to the migration is our sole obsession and our seasonal mobile camp does just this. The camp has large walk-in safari tents equipped with comfy bed and flush loos plus an old-school safari bucket showers. This canvas home-from-home and its indomitable crew are on the move year-in, year-out from one sweet Serengeti site to another, guided by the mass movements of the wildebeest migration and their quest for ever greener grass.

## 2-nights: Lamai, Serengeti

On the Lamai Wedge, bristling with mammals all year round, there's never a dull moment. Above it all, our beautiful kopje is a sacred wildlife haven – and our mission is to act as its faithful guardians. Lamai stands proud above the plains with far reaching across the Serengeti and towards the Mara River. This is the jewel in the crown of any safari itinerary.

Lamai's open fronted bedrooms are peppered around Kogakuria Kopje, a tumble of giant boulders that stand proud above the northern Serengeti grasslands.
